Please read what's here,

Now, the story

Thank you very much

In the end, all in all  
it seems like even

It's that and it takes a "little" extra coordination, energy, and an "above and beyond" attitude to have some fun, using the whole-body for every activity it can do.

And I received a lot of questions about the term "Microcosm." The word that I used is a little rare.

## *Name correction:*

We've been translating There's some as "Kunzumi" up until now, but we realized that his name should actually be written as "Kunzaki", so that's how his family name will appear from now on.

Thanks for understanding!

Volume 5  
Chapter 1

☀ When I was just starting this series, I never thought so many male characters would appear. It's fun for me because I get to do character studies as I draw. It seems it would be fun for the readers to pick and choose their favorite types, too. After what feels like a long time, a female

—Cisna Chan—  
makes her entrance in Volume 5 into this swarm of men. Just how long I can keep her in existence will be a test of my ability, or at least that's how I think of it.
